 **7th Aug 2026 | Hilton Garden Inn Lucknow**

Design India Forward Forum

Accelerate your BIM Journey

Overview

The **Design India Forward Forum – Lucknow Edition**, held on 7 August 2026 at **Hilton Garden Inn, Lucknow**, brought together architects, engineers, consultants, contractors, real estate leaders and technology experts to explore how digital transformation and Building Information Modelling (BIM) can reshape the future of design and construction.

Presented by **Autodesk** and brought to you by **Team Marksmen Network** the forum focused on the theme **“Accelerate Your BIM Journey”**, with conversations centred around India’s transition from traditional 2D workflows to connected, data-driven BIM processes.

Lucknow’s rapidly evolving infrastructure and urban development landscape provided a timely backdrop for discussions around smarter project delivery, enhanced collaboration, sustainability and technology-led construction.

Key Takeaways

- **Accelerating BIM-enabled design and delivery**
- **Enabling seamless stakeholder collaboration**
- **Turning project data into better outcomes**
- **Optimising resources and reducing project risks**
- **Leveraging AI for actionable project intelligence**
- **Driving sustainability through digital construction**

The forum opened with a **Chief Guest Address by Swanay Sahu, President, Lucknow City Chapter, NAREDCO Uttar Pradesh**, setting the context for the region’s evolving built environment. This was followed by **“Design India Forward – Connecting Vision to Delivery”**, where **Abhishek Kumar, Technical Specialist, Krion Consulting Pvt Ltd**, explored India’s shift from 2D to BIM and its role in enabling smarter and faster project delivery. **Arun Singh, Senior Sales Manager, Krion Consulting Pvt Ltd**, subsequently highlighted Krion Consulting’s capabilities in digital construction and the growing role of technology in modern project workflows.

One of the key highlights of the forum was the panel discussion, **“Unlocking Design Potential: The Future of BIM Adoption in India's Infrastructure Landscape.”** The discussion brought together industry voices from architecture, construction, real estate and technology to examine the practical opportunities and challenges surrounding BIM adoption.

Manoj Victor, Technical Specialist, Krion Consulting Pvt Ltd, explored **integrated construction management through data-driven processes and advanced field collaboration workflows**, highlighting the importance of connected information across project teams.

The forum concluded its knowledge sessions with **“Data-Driven Construction: Leveraging AI to Transform Project Data into Actionable Intelligence,”** led by **Kirubakaran C, Chief Technology Officer, Krion Consulting Pvt Ltd**. The session

brought AI and actionable project intelligence into the larger conversation around the future of construction.

The **Design India Forward Forum – Lucknow Edition** brought the industry together to examine how BIM, data-driven workflows and AI can help address these evolving demands and move the AEC ecosystem **from vision to delivery**.

The journey towards smarter, faster and more connected construction has only just begun.
