Building the Future

Smarter, Faster, Connected

📅 **10th April 2026 | Noida**

AGENDA

TIME	SESSION
08:45 - 09:30	Registration Tea / Coffee
09:30 - 09:35	Opening Remarks & Introduction
09:35 - 09:50	Delegate Engagement Activity
09:50 - 10:00	Setting the Tone by Shikhar Bhasin, Territory Business Lead Construction (North & East) - Autodesk
10:00 - 10:15	Chief Guest Address – Reimagining Public Infrastructure Construction - Through Digital Governance Sanyukta Samaddar, IAS, Principal Secretary, Department of Administrative Reforms, Government of Uttar Pradesh
10:15 - 11:15	<p>Panel Discussion - Reimagining Construction: The Digital Edge</p> <p>As Noida strengthens its stature as India’s technology capital and innovation hub, the city’s real estate and infrastructure ecosystem is undergoing rapid transformation. With the growth of integrated mixed-use townships, expanding metro rail connectivity, tech-enabled Grade-A office spaces, and sustained investments in IT/ITeS clusters, aerospace, fintech, and emerging data-centre parks, the need for digital transformation in construction has never been more compelling.</p> <p>This session examines how leading developers, EPCs, and urban agencies in Noida are embracing BIM, CDEs, digital twins, IoT, and AI-powered project controls to enhance stakeholder collaboration, mitigate risks, and drive efficiency across the build lifecycle—from design and approvals to execution and asset management. Anchored in real-world case studies and regional insights, we’ll spotlight the digital strategies reshaping Noida’s urban landscape and setting new benchmarks for sustainable, scalable, and future-ready development.</p> <p>DISCUSSION POINTS:</p> <ul style="list-style-type: none"> • Adoption of cloud-based solutions for seamless collaboration and efficiency • Overcoming delays, cost overruns, and miscommunication with digital tools • Leveraging real-time project data for improved decision-making and reduced rework • Enhancing productivity with AI-driven insights, predictive analytics, and automation • Preparing for the next era of construction with scalable, tech-enabled strategies
