Renaissance Ahmedabad Hotel

Construction India Forum

Accelerate your Construction Journey

The **Construction India Forum – Ahmedabad Edition** held on 9th April 2026 at Renaissance Ahmedabad Hotel successfully brought together key stakeholders from the architecture, engineering, and construction (AEC) ecosystem.

Curated by Team Marksmen Network and hosted in one of India's fastest-growing infrastructure hubs, the forum served as a powerful platform to explore how digital transformation, particularly Building Information Modelling (BIM), is reshaping the future of construction in India.

With Ahmedabad emerging as a critical growth engine in urban development, the forum addressed the need for technology-driven solutions to tackle increasing project complexities, tighter timelines, and sustainability demands.

KEY TAKEAWAYS

- BIM adoption is accelerating across India's construction sector
- Digital workflows significantly improve efficiency, transparency, and collaboration
- Technology integration is critical to meet sustainability and scalability goals
- Ahmedabad is poised to lead innovation in infrastructure development

The forum commenced with a welcome address **setting the tone for a day focused on innovation and collaboration in construction**. This was followed by an **insightful panel discussion** where industry leaders emphasised the critical role of BIM in enhancing efficiency, coordination, cost optimisation, and sustainability in infrastructure projects.

The **Autodesk Solution Showcase** provided practical exposure to connected workflows and the **transition from 2D to BIM**, enabling smarter project delivery. An **interactive Q&A session** allowed participants to engage with experts on real-world challenges and adoption strategies.

With this the event concluded reinforcing the importance of digital transformation in building future-ready infrastructure in India.
