

CONSTRUCTION CONNECT

Deliver on the Promise: Contractor Series

*Bringing predictability to
time, cost, quality, safety, and risk.*

 **23rd July 2026**

Novotel Mumbai
International Airport

Powered by

Overview

India's construction sector is entering a new phase of growth – across infrastructure, industrial, commercial, residential, manufacturing, and data center projects.

For contractors, this means greater pressure to deliver faster, protect margins, coordinate complex project teams, and meet rising expectations around quality, safety, and compliance.

Project success today depends on predictable outcomes at every stage – with the right information, connected teams, and proactive risk management.

Why Attend

An exclusive forum for contractor leaders shaping the future of project delivery in India.

Join this leadership forum designed for contractors focused on improving project predictability, performance, and delivery outcomes.

At this forum, you will explore how leading contractors can:

- **Improve schedule confidence**
Plan with greater certainty, forecast earlier, and stay ahead of delays before they impact delivery.
- **Strengthen field coordination**
Keep project teams, subcontractors, and disciplines aligned with the latest approved information.
- **Build quality and safety into daily execution**
Standardise inspections, safety observations, corrective actions, and field processes.
- **Turn project controls into performance intelligence**
Use project data to improve visibility, support faster decisions, and strengthen delivery outcomes.
- **Improve handover readiness**
Close out projects with complete documentation, reliable digital records, and the right asset information for operations.
- **Learn from peers and practitioners**
Hear real-world perspectives from contractor leaders on the challenges, decisions, and practices shaping predictable project delivery

Who Should Attend

- CEOs & COOs
- Project Directors
- Construction Heads
- Project Management Leaders
- Planning Heads
- Project Controls Teams
- Quality Leaders
- Safety Leaders
- Digital Transformation Leaders
- PMO Teams

AGENDA

TIME	SESSION
09:30 – 10:00	Registration and Networking Breakfast
10:00 – 10:15	Welcome Address: Why Predictability Is the New Contractor Advantage, AUTODESK
10:15 – 10:30	Interactive Delegate Engagement: What Is Holding Back Predictable Delivery? A short audience activity to surface the biggest barriers contractors face across planning, execution, quality, safety, risk, and handover.
10:30 – 10:45	Chief Guest Address: Contractors as Growth Enablers in India's Construction Ambition
10:45 – 11:30	Leadership Panel: The New Contractor Mandate – Predictability, Performance, and Project Intelligence This panel will explore how leading contractors are moving beyond traditional project delivery models toward more predictable, data-driven, and performance-focused ways of working. The discussion will focus on how leadership teams can improve visibility across planning, execution, quality, safety, risk, and project controls to strengthen confidence in project outcomes.
11:30 – 11:50	Contractor Success Story: Best Practices Session A real-world contractor perspective on improving coordination, project visibility, and delivery outcomes.
11:50 – 12:40	Live Practitioner Session: Connected Workflows for Predictable Delivery A practical walkthrough of how connected construction workflows can help project teams improve coordination, manage risk earlier, strengthen field execution, and support smoother handover.
12:40 – 12:55	Autodesk Perspective: From Project Data to Delivery Confidence
12:55 – 13:00	Feedback and Closing Note
13:00 onwards	Networking Lunch
