India's Supply Chain Takes Center Stage at the **4TH EDITION OF SUPPLY CHAIN & LOGISTICS CONCLAVE 2025!**

Team Marksmen Network successfully concluded the 4th edition of the Supply Chain and Logistics Conclave 2025 on June 20th at the Hyatt Regency, New Delhi. Held under the central theme ***“Seamless, Sustainable, Smart – The Next Era of Supply Chains,”*** the day-long conclave convened over 300 distinguished guests from business, government, and academia to decode the next big leap in India's supply chain and logistics ecosystem.

The Conclave's agenda was split across the ***Main Summit, Manufacturing, Retail & FMCG*** focused tracks that sparked powerful discussions on topics critical to shaping a future-ready India. Sessions explored the role of AI and automation in supply chain agility, urban logistics and last-mile connectivity, rail freight modernization, green supply chains, reverse logistics, cold-chain innovations, and strategic procurement for global competitiveness.

Thought-provoking addresses and panel discussions also explored themes such as predictive analytics, supply chain risk mitigation, sustainable packaging, and the rise of diverse leadership in logistics, including a dedicated session on Women Shaping the Future of Supply Chains.

The conclave also culminated with the **CHAMPIONS OF SUPPLY CHAIN AWARDS 2025**, which recognised 30 standout individuals who are redefining excellence across supply chain, procurement and logistics. Backed by research from Coherent Insights, the awards celebrated innovation and leadership at scale.

With insights from **OVER 60 INDUSTRY EXPERTS ACROSS 20+ SESSIONS**, the Conclave succeeded in catalyzing collaboration between the public and private sectors, charting a forward-thinking agenda for India's logistics leadership on the global stage.

A high-impact gathering featuring thought leaders from policy, industry, and academia, focused on resilience, innovation, and strategic foresight in logistics and supply chains.

India stands at a pivotal moment in its economic evolution. As growth accelerates and global dynamics shift, the once-stable principles of supply and demand face increasing disruption. Geopolitical realignments, economic volatility, and rising stakeholder expectations are reshaping the business landscape. In this climate of uncertainty, building trust, creating long-term value, and ensuring operational resilience are no longer optional—they are critical to survival and sustainable growth.

It is in response to these emerging realities that **Team Marksmen** proudly presents the **4th edition of the Supply Chain & Logistics Conclave 2025**, a strategic platform designed to unpack, address, and navigate some of the most pressing industry and societal challenges of our time. As India's logistics and supply chain sector gears up to become a USD 484 billion powerhouse by 2029, the need for greater resilience, agility, and innovation has never been more apparent.

PUBLIC NOTICE

The public and all stakeholders are hereby informed that the Public Notice dated 10 January 2025, issued in the name of M/s GRANDMARK & ASSOCIATES (PVT) (1317131) by CA Sushil Kumar Sharma, claiming acquisition of 11 partners and firm reconstitution, is false, unauthorised, unreliable and legally invalid.

We are the continuing partners of the firm, which can be independently verified from the official records of the Institute of Chartered Accountants of India (ICAI). The alleged acquisition is in blatant violation of the Indian Partnership Act, 1932 (Section 33), and contrary to the governing provisions of the recognized Partnership Deed dated 20.01.2023. No valid amendment or expulsion has occurred.

Further, the ICAI has officially declared the firm as a "Disputed Firm" via communication dated 17 February 2025, confirming that the said firm is under legal control of the firm's email systems (@grandmark.com) without any lawful authority. These actions are subject to legal challenge under civil, criminal, and cyber laws.

Any person, client, institution, or stakeholder who has been misled by the said fraudulent Public Notice or on instructions from CA Sushil Kumar Sharma or his associates shall do so at their own risk and shall be held liable for legal consequences.

DESIGNATION BREAKDOWN

INDUSTRY BREAKDOWN

VOICES FROM THE STAGE

Since 1946, India has never faced a consequence in the supply chain domain, owing to our robust structure and scaling over the years. We have been able to reduce transaction cost from 14% to 9% of GDP, shaping the scale at which supply chain and logistics in India is progressing.

DR. AJAY DUA

Chairman/ Board Director/ Senior Advisor of various companies & Former Secretary, Union Ministry of Commerce & Industry, Government of India

Our nation is growing rapidly under PM Modi's leadership and the youth's innovative ideas. Delhi's scale brings new challenges for the environment and industry, which sparks innovation. It's a pleasure to share our perception of the region's growth in sync with PM Modi's vision of logistics hubs across India.

SHRI MANJINDER SINGH SIRSA

National Secretary, Bharatiya Janata Party, Minister of Industries, Food & Supplies and Environment, Forest & Wild Life, Government of NCT of Delhi

Public transport should be green, affordable, reliable, and comfortable. Logistics contribute 14% to India's 5 trillion economy, remarkable progress driven by policies creating new business opportunities. The Dwarka Expressway is an example of the Centre's strong mindset to transform transportation, logistics, and supply chain domains. It is critical to use data wisely in logistics and transportation.

SHRI KAILASH GAHLOT

MLA - Bijwasan Constituency, Former Cabinet Minister - Government of NCT of Delhi

This event is important for us, not because we want to speak but because we want to hear. PM Modi is inaugurating several supply chain projects today worth ₹35,000 crores. There are many opportunities coming up, with scopes till the 2047 targets as India continues to develop.

SHRI MANOJ TIWARI

Senior Leader, Bharatiya Janata Party, Three-Time Member of Parliament, North East Delhi, Renowned Actor, Singer & Social Contributor

India's evolving logistics sector is enhancing efficiency through PM Gati Shakti, National Logistics, and innovation. Strategic government initiatives are transforming the sector by boosting physical infrastructure and digital capabilities. With a focus on operational efficiency, these frameworks help address significant logistics challenges.

DR. SURENDRA KUMAR AHIRWAR

Executive Director/Traffic Commercial (Rates), Ministry of Railways, Government of India

Being in the steel sector, we see an overall push from the government and aligned sectors. The Ministry of Steel is incubating value chains to reduce imports and boost local manufacturing. There's a huge push for indigenisation of MROs, but I notice a huge deficit of human resources while we focus on heavy lifting in this area.

NAVEEN AHLAWAT

Chief Procurement Officer & Head - Green hydrogen and Gasification Projects, Jindal Steel & Power

It's truly a remarkable initiative from Team Marksmen Network to stage the 4th Supply Chain and Logistics Conclave. With purviews from key industry stakeholders and technology getting local, we can witness how the industry is shaping and scaling. While our supply chain network in India is robust, it's important to figure out how we streamline and strengthen it for future growth.

UMESH MADHYAN

COO, LEAP India

Supply chain can't just be a career choice, it has to be a strong passion, with constant unlearning, learning, and relearning. Women are now taking front-stage roles, driving innovation and efficiency beyond old stereotypes.

MEGHA BANSAL

Vice President - Supply Chain & Logistics, ONDC

There was a time when supply chain was male-dominated, but that's changing. Women in supply chain are breaking biases, tackling systemic challenges, and promoting equal opportunities in every role.

DARPAN KHURANA CHANDRA

Director - Supply Chain for India & South-West Asia, Coca-Cola India
